

## BS403 | Thermo pants

67% nylon, 23% polipropilene, 10% elastane. Thermal pants made from soft, stretchy fabric with elegant blue jacquard patterns and special reinforcements on the legs, knees, and hips for greater resistance in the most stressed areas. Featuring a waistband and leg bottoms made from the same fabric as the pants to ensure continuity and comfort. The advanced ergonomic structure is designed to adapt naturally to the shape of the body, following every movement with extreme freedom and ensuring optimal performance during any activity. Technical features: Seamless construction to prevent irritation. Breathable and thermoregulating fabric for maximum thermal comfort. Not detectable by metal detectors. Easily removable label. Packaged in an elegant display box.
