

RER916X | Prism pu waterproof trouser

Outer fabric: 100% polyurethane; Inner fabric: 100% recycled polyester. Waterproof trousers with Scandinavian design, designed to ensure protection, comfort and functionality in adverse weather conditions. Made of soft and flexible waterproof fabric with welded seams, it ensures waterproofing up to 3000 mm, breathability 1000 MVP and wind protection. Mesh vents on the front and back improve ventilation, while the elasticated waist and adjustable push-lock ankles offer a comfortable and practical fit. Reflective bands on the legs increase visibility in low light conditions, making it ideal for outdoor and professional use.
